TESTIMONIAL
GARSIDE & LAYCOCK LTD -25th CELEBRATIONS AT LYTHAM HALL

On behalf of Garside and Laycock Ltd, I have pleasure in providing this testimonial to **CK Marquees**, as we are entirely delighted with the whole experience of our dealings with their organisation.

During April 2005, I was introduced to **CK Marquees** for the first time. We met to discuss and outline Garside and Laycock Ltd 25th Celebration Party. During the meeting it was clear that Ken, owner and company director, had clearly grasped what was being expected from him and his company and that Garside and Laycock Ltd was not a typical building company and that these celebrations were going to be of a special nature with very specific requirements. This was re-affirmed by their speedy response firstly by way of an outline proposal with clear terms of reference, but also at the second meeting where it was clear to realise the efforts that had been put into their proposals and initial planning.

These proposals were so good that at this meeting terms were agreed. What I appreciated most was the excellent advice that I was being given. **CK Marquees** then came into their own and speedily expedited all the elements required to complete the arrangements, during which they positively but considerately ensured that we provided the essential input that they required expediting the process.

The end result was a fantastic evening, which has totally awed our clients, staff and friends. The results are now showing in the morale of our staff and our order book. In a market where it is impossible to achieve a like for like price owing to the nature of the project, we are delighted and believe that we have received excellent value.

We would also like to thank Ken and his staff for making our party such a huge success. The teamwork, professionalism, pride and commitment were second to none.

On a personal note David and I would like to thank you for making the arrangements go so smoothly.

Should any reader of this testimonial wish to contact me personally, I will be delighted to be of assistance.

Paul Garside
